BOOSTER PARADE ON WEDNESDAY, JUNE 6; ELABORATE AFFAIR

Free Rodeo Tickets Will
Be Distributed To
Boys and Girls

Niles' Booster Parade, staged for the first time last year, has become an institution of considerable renown, according to Grady Denton, who will have charge of the festival this year.

The parade this time will not consist wholly of Niles talent. Denton says, due to interest aroused in the surrounding towns and promises of participation by units that will compose the Big Livermore parade.

One of the main attractions at the Niles parade, which is scheduled for 6:30 p. m. on Wednesday, June 6th, will be the distribution of free tickets for the Saturday program at Livermore to all children of school age.

Starting at the grammar school, in Niles, the parade will cross to First street by way of D street, progress down First, thence over to Second street, and back to the school. The Niles portion of the parade will consist chiefly of the Jackass Polo team and the ancient covered wagon secured by Denton for the day. There will be representations from Livermore, Hayward, Pleasanton and Centerville in the line of march.

Denton stated his particular interest in getting the boys and girls to turn out Wednesday, and avail themselves of the tickets offered.

E. Dixon Bristow, member of the Post spoke briefly at each cemetery.

During the past few years, the Decoto event has had a place in the date calendar of nearly every prominent businessman and official in southern Alameda county.

Mr. and Mrs. Judson left for New York by plane Friday morning. They will embark on a European trip from there.

Mrs. Judson is a graduate of the Washington Union High school, and a popular member of the younger set in this district. She had been employed by an Oakland firm during the past year.

Judson, whose home is in South America, is a student at Hastings law school in San Francisco.

REPORT TO POLICE NECESSARY WHEN RENTING GARAGE

Hugo Radbruch, deputy sheriff, this week called attention of local residents to Section 56, of the Motor Vehicle Act, which makes it mandatory that the renting of private garages be reported to the Motor Vehicle department.

According to the section, the renting of private garages be reported within 24 hours, accompanied by the name of the party renting, the make, license and motor number of the car. Failure to make the necessary report is punishable as a misdemeanor with \$500 fine or 6 months imprisonment, Radbruch said.

The purpose of the act is to make it difficult for thieves to hide stolen cars away in out-of-the-way garages. Reports of rentings may be made to Radbruch or at the Niles Justice Court.

KIDNAP SUSPECT IN COUNTY JAIL FOR TEN DAYS

Arrested on suspicion of attempted kidnapping and later charged with petty theft, Denny Adamson, 33, Castro valley dog trainer, is serving a ten-day sentence in the Alameda county jail after pleading guilty to the theft charge before Judge Harder, in the Hayward justice court last Thursday.

Adamson was arrested when he was found holding June Holman, three-year-old daughter of Mrs. T. E. Holman, of Irvington, in the back seat of the Holman machine when it was parked in Hayward recently.

Investigation revealed that Adamson had no kidnapping intent, but held the child to quiet her cries when he allegedly opened the car with the purpose of stealing articles therein. He was charged with theft of a glove belonging to Mrs. Holman.

Parental Neglect Results In "Under-Privileged" Child

Small of frame, but every inch the Colonel, with a white mustache and goatee covering a sensitive mouth, and colored glasses covering twinkling eyes, Colonel Bourne of Wadsworth Academy, Friday addressed an audience at the Irvington church on "The Under-privileged boy."

The first reaction to that title is quite naturally a vivid picture of pinched little faces, starved bodies, ragged clothes, dirty little street urchins. Not so at all, says the Colonel, the under-privileged boy may be full of face, plump of body, have the best of clothes, all the money he can use, live in the finest house, and drive the very finest automobile money can buy.

Who then is the under-privileged boy? According to the Colonel he is the boy whose father has no time for him. The boy whose father doesn't want to be bothered, who won't listen to the boy's problems, and what boy hasn't

PAIR TELL POLICE OF "STICK-UP" SUNDAY

Assertedly out for a ride at 3:45 Sunday morning, Steve De Leon and Raphael Berdugo, both of Alvarado reported to constable Tom Silva Sunday that they had been robbed by bandits of a sum of money amounting to \$75.

According to the pair, whose accounts of the happening are said to be somewhat hazy, they were crowded off the road near Alvarado by a large and heavy car containing three men who ordered them from their machine and kept them at pistol point while relieving them of their valuables. Although one of the victims asserted that he had seen the men before, the details of the robbery were so involved and tangled that baring a close watch for similar happenings the police will be unable to launch any effective pursuit of the "gunmen."

DECORATIONS FOR TOWNSHIP FAIR TO BE UP BY JUNE 15

Publicity Campaign to Get
Under Way During
Next Two Weeks

Under the guidance of Frank Bristol, who is justly famed for his ability to produce excellent talent for all manner of entertainments, the stage show for the Washington township fair, slated to be one of the highlights of the year in this district, is taking definite shape.

Although the program is not yet finally arranged, it is fairly certain that one of the featured parts will be "The Sequoians", male quartette. This quartette has gained renown as one of the best in the west. In addition, Bristol has promised a number of radio headliners, all of which will be known to the audience when their names are announced.

Detailed reports of the various committees, made to the executive group last Friday evening, show that progress is being made in all lines. The dance committee, in addition to selecting an excellent orchestra, is working out a plan whereby the tennis courts, where the dance will be held may be effectively decorated.

Street decorations, in the able hands of the Warren Decorating company of Fresno, will begin to string the banners on June 14. It is the aim of the committee to have the decorations completed for the week-end of June 16, 17, in order that passing Sunday throngs may know of the Fair.

According to Judge Allen G. Norris, publicity director, literature and posters, telling of the Fair will be distributed throughout the bay district next week. The transbay area; about San Mateo and Palo Alto, will be covered, Norris stated.

"CLEAN-UP" WEEK ENDORSED BY NILES CIVIC GROUP MONDAY

Free Rubbish Truck Is
Center of Verbal
Fireworks

The endorsement of the annual "Clean-Up" week for the town of Niles, with a day set aside on which residents of the city could dispose of rubbish by means of a truck supplied by the civic group, was a topic for heated discussion at the Monday meeting of the Niles Chamber of Commerce.

Final outcome of the verbal tangle was that no such undertaking would be wise for the chamber, due to the fact that it would set a bad precedent, and that untidy home owners would prey on the civic group to the detriment of the city, by allowing their rubbish to pile up throughout the year while awaiting the annual call of the clean-up week truck.

It was voted, however, that the civic group will stand back of the Niles firemen, in the latter's "Clean Up Week," under way at the present time. The endorsement followed a talk by Clarence Crane, fireman.

After hearing a communication from the Oakland Chamber of Commerce concerning the segregation of contracts for the construction of the new county court house, the Niles group decided to endorse the segregation. It was also voted to support a plan fostered by the Los Angeles Chamber of Commerce, whereby the California exhibit at the Chicago Fair will be maintained during the 1934 showing.

In relation to clean up week, W. B. Kirk asked that he be authorized to have First street cleaned of weeds again.

Rain Damage To Cherries Is Slight; Harvest Continues

Hail Plays Havoc With
Apricots In San Benito County.

Heralded by flashes of lightning and claps of thunder, a freak May storm drove local cherry growers to distraction and kept apricot growers on pins and needles for fear of hail in Southern Alameda county last week end. Damage to crops here was slight in comparison to the terrific destruction by hail in surrounding counties. 1.40 inches of rain fell here.

San Benito county bore the brunt of the storm, with damage to the apricot crop alone estimated at more than \$500,000 by farm bureau officials there. It was reported that hailstorms more than one and a half inches in diameter crashed down for fifteen minutes. Cats were killed, automobiles dented and general havoc wreaked in the orchards. A survey of the cot crop after the downpour showed 80 per cent of the fruit pitted and bruised and entirely unfit for canning purposes. Severe damage was done to prunes and pears.

According to W. B. Kirk, authority on crops in this district, damage to cherries by the rain was relatively slight. A survey of orchards in the district Monday showed an average of one box of culls for every five marketable boxes picked.

Joe Russo, large scale grower, stated that one-third of the Bing crop in his orchards will be lost, due, however, as much to insects as to cracking. He estimated 15 per cent of his Royal Annes will be unsalable.

George Lowrie and George Beardsley, Centerville growers, presented similar figures. According to Kirk, insect damage has taken equal toll in the orchards.

In speaking of the apricot crop, Kirk stated that the orchards that were not irrigated heavily last fall seem to have the best; crop this season. He was unable to account for this fact, unless, as he said, the longer period of dormancy for the unirrigated trees resulted in a strengthening of the buds.

gress in arrangements for the Niles Booster parade to be held here Wednesday. Erickson reported that the affair will be of greater magnitude this time.

Following a brief talk on the prospects of the baseball team by H. L. Scott, W. B. Kirk told the group of a number of vital facts concerning crops.

COATS, CIGARETTES, LOOT IN ALVARADO BURGLARY SUNDAY

M. Matsumoto Victimized
\$100 Merchandise—
Taken by Thieves

Smashing a front window sometime Saturday night, thieves gained entrance to the general merchandise store owned by M. Matsumoto, at Alvarado, and escaped undetected with clothing and merchandise valued at \$100. The robbery was the first of any consequence in Washington township for several months.

The theft was discovered Sunday morning by Tony Frates, Alvarado man, who noticed the broken window. He informed Matsumoto, and the latter made an immediate investigation. Matsumoto summoned Constable Tom Silva. Silva, accompanied by Harry Adams and Douglas Webb, of the sheriff's office, examined the premises.

Lack of a complete inventory made it difficult for authorities to discover exactly what had been stolen, but the thieves seemed to take a liking to women's coats, sizes 16 to 18, and to quantities of cigarettes.

VETERANS ATTEND MEMORIAL RITES AT IRVINGTON

Memorial services held by the Irvington Community church Sunday morning, with the pastor, Mr. John E. Moore, in the pulpit, were attended by the American Legion, under the leadership of Frank Veit.

Veit spoke briefly upon the subject of "Peace" and the very earnest efforts being made by the Legion in this regard, prefacing his remarks by a poem entitled "Why, Peace."

"Our Christian Responsibility for World Peace" was the theme of Mr. Moore's sermon. He emphasized the fearful waste of war; the tremendous need of using all available agencies to bring about world peace, and the very grave responsibility which rested upon the shoulders of all Christian peoples in this regard.

The members of the church very deeply appreciated the attendance and participation of the Legion members in this service. They feel that all such meetings tend to bring about mutual understandings and good will.

WINS ACCLAIM OF AUDIENCE

Lida Gregory Jackson, prominent San Jose singing instructor, presented Miss Antoinette Botelho, daughter of Mr. and Mrs. F. F. Botelho, of Centerville, in a recital Tuesday evening at the Hotel St. Claire, in San Jose.

Miss Botelho's rich contralto voice combined with her fine sense of interpretation, won her audience. It is the serious contention of competent music critics that Miss Botelho will go far in the realm of vocal music.

The singer was accompanied by Miss Marcella Norris at the piano. Miss Norris, also of Centerville, is a talented pianist and was also heard in a number of solos. The recital was open to the public and numbers of music lovers from this district attended.

The recital was somewhat in the nature of a graduation for Miss Botelho from Miss Jackson's instruction. The singer plans to continue her work under a prominent San Francisco instructor.

Among local people who heard Miss Botelho at San Jose Tuesday evening were Mr. and Mrs. Harry Salz, Mr. and Mrs. Owen Swainson, Mr. and Mrs. John Lowman and daughter, June, Mr. and Mrs. W. Dexter Gordon, Mrs. Charles Shinn and Mrs. Jack Williamson.

Three speeders, two of them charged with reckless driving, contributed an aggregate sum of \$65 in fines at the Centerville Justice Court Friday afternoon.

George Parmenter, of San Jose, arrested some time ago while driving in an erratic manner, was fined \$25 and had his driving license suspended for a period of ten days.

Leland Stanford Scott, Piedmont arrested by traffic patrolmen on the Centerville - Alvarado road while traveling at a speed of seventy miles per hour was fined \$15.

Mike Demi, Oakland man, also accused of driving recklessly, and with out regard for other motorists, was fined \$25.

W.U.H.S. Senior Play Wins Praise For Cast, Director

Laughter of a large and appreciative audience at the Washington Union High school auditorium Friday night marked the outstanding success of "Come Out of the Kitchen," senior play. The mirth at times obscured the lines.

Patricia Duffy, leading the cast as Olivia, the Irish maid, showed fundamental talent as an actress. Her dialect was true and unforced, and her stage bearing almost professional.

John Habenicht, as the somewhat bewildered and inexperienced butler, "bottled" very well. Manuel Reina quite realistically broke a number of dishes and drew an uproarious moment of mirth from the audience.

Vivian Luna, the colored mammy, took her part well. Congratulations were profuse for the cast and for Miss Sybil Botelho, who coached the players and directed the production.

Centerville Personals

CONGREGATIONAL CHURCH NEWS

The pastor has chosen for the subject of his Sunday morning sermon, "Does Our Spiritual Instinct Tell Us What Is Vital?" The question is also raised, "Are we business-like in our business, but slipshod with our spiritual life?"

CHRISTIAN ENDEAVOR

The Christian Endeavor attended a beautiful worship service Sunday night in the Plymouth Congregational church Oakland. After the worship-hour, they were entertained in the playroom of the church and later served refreshments. The topic for this Sunday night is an exciting one: "If I had lived fifty years ago," and will be led by the pastor.

The radio play for Saturday, June 2, KQW, 4:45, is based on the parable of the Good Samaritan and is one every interested person should hear. The cast follows, as you will hear them: Hanna, the wife of an Inn-keeper, Mrs. Wesley Dexter Gordon; Ezra, the keeper of the Inn, Wesley Dexter Gordon; a Priest on his way to Jericho, C. A. Griffin; a Levite, a messenger from Jerusalem, Ted Dundas; Tobiah, a Samaritan, Jack Townsend; Aaron, the son of Ezra and Hanna, Wesley Dexter Gordon; and the Good Samaritan, Jack Townsend. The response to these little plays has been generous. If you enjoy them, let your station hear from you.

HOT RADIATOR

A hot radiator should never be filled with cold water advises the Emergency Road Service of the California State Automobile Association. Sudden pouring of cold water into a hot radiator may cause the motor block to crack. If the radiator is excessively hot a small quantity of water should be added at intervals allowing the temperature to become equalized gradually.

MORE ON PARENTAL

(Continued from Page One)

him with the Warden from Sing Sing. To him the great pity and tragedy of it all was the comment it was upon our social order. There must be something terribly wrong with our methods or there would not be this great waste of human material. To him these young men were there largely because they had been in the "Under-Privileged" class as boys.

Better methods of handling crime, will not solve the problem, that has to come before the boy, or girl, commits his or her first crime. The better methods will only tone down a few crimes, it is character building that is needed.

Character is formed first in the home, according to the Colonel, the very first essentials must be taught there, these must be nurtured by the school and the church, until they bloom into noble manhood, and the boy becomes a man of value not only to himself, but to his whole community. Everyone is concerned just as much as they are concerned with the fire burning down a neighbor's home, or a contagious disease.

In the hurly burly of our present-day life Bourne said, we are altogether too prone to push aside the little one's question with "Oh, I haven't time," when we need to stop, look and listen, tragedy may be ahead for us all, if we don't.

There was not a parent who heard Colonel Bourne last Friday evening at the Irvington Community church, and there was a goodly number of parents present, who did not go away chastened in mind and heart by the appeal made to them for their own children.

Among the distinguished guests who spoke were Walter Block, of Livermore, president of the Alameda County Farm Bureau; Thomas Orloff, mayor of Pleasanton; Judge Manley Clark, of Livermore; Andrew Christesen, of Livermore, president of the Pleasanton-Livermore Farm Bureau; Richard Kennedy, state director; and T. Mrs. S. G. Miller Is Buried Sunday At Pleasanton

Many sorrowing friends attended the funeral services of Mrs. S. G. Miller, of Pleasanton, Sunday, May 20, at the Pleasanton Presbyterian church, with Rev. R. C. Cross, officiating. Interment followed at the I. O. O. F. cemetery.

Mrs. Miller passed away at an Oakland hospital Thursday morning after a brief illness. Although she had been ailing for the past couple months she was not confined to her bed but for about four days prior to her death.

She was seventy-nine years and eleven months of age at the time of her passing. Mrs. Miller was a native of Illinois and had lived in Pleasanton for thirteen years. Mr. and Mrs. Miller had been married for fifty-five years.

Last January Mr. and Mrs. Miller returned from a trip to the East where they visited their son, Elton Miller, of Virginia, and other relatives in the middle west. She leaves her husband, S. C. Miller, of Pleasanton; a daughter, Miss Lila C. Miller; and three sons, Royal J., of Oakland; Hugh of Portland, Oregon; and Elton W., of Hampton, Virginia. She is also survived by two sisters and four brothers.

The pallbearers were: L. R. Rhodes, G. A. Scullion, G. R. Cousins, B. F. Newton, A. F. Andersen, and A. E. Littlefield, all of Pleasanton.

Funeral services were under the direction of the Graham mortuary.

SECOND INSTALLMENT DIVIDENDS ARE BEING PAID BY AMADOR BANK

The payment of the second dividend to the Amador Valley Savings Bank depositors announced in these columns recently is proceeding satisfactorily, according to Claude Smallwood, cashier of The First National Bank of Pleasanton. The plan of payment provides for the transfer of 12 1/2 per cent of the liabilities due the Amador depositors to the books of The First National Bank, and following so closely the payment of the first dividend of 60 per cent, all that was necessary to effect the transfer was for depositors to endorse their name on the second dividend order received by them, and mail this back to The First National Bank for credit to their account. The simplicity and convenience of this method of handling the dividend payment has speeded up the transfer.

As a result of this transfer, the total assets of The First National Bank now amount to over \$500,000.00.

The liquidation of the remaining assets of the Amador Valley Savings Bank is proceeding in an orderly manner, according to Harry J. Harding, Conservator, and as additional funds are available, further dividends may be expected.

The women also made plans for the annual pre-school children examination held at the City Hall, Pleasanton, Wednesday morning, at which time over forty youngsters of pre-school age, from Sunol, Dublin, Santa Rita, and Pleasanton were examined.

Dr. Richard Heinz, Dr. Bailey, Dr. D'Arcy Chace, Dr. E. H. Harms and Dr. Elworthy conducted the examinations.

Members of the association also discussed plans for the graduation party to be given the members of the eighth grade of the Pleasanton grammar school following the commencement exercises.

Members also voted favorably to accept the offer of the "Masquers" to produce their next play for the benefit of the cafeteria fund and child welfare work which is being done by the unit. The play will be presented next fall.

Compacts Made in a Kaleidoscope of Colors

LONG before Columbus spied out the New World, the American Indians used a "rouge pat" when dressing for ceremonial dances and when the braves took to the war path. The make-up was made from vegetation, mostly by squeezing the juices from berries and fruits.

Modern cosmetics are the product of scientific laboratories and are far removed from the paints and rouges of the American Indian. Great as is the contrast between materials used for facial decorations by the redskins and the modern woman, there is an even greater difference in the case or container used for this coloring. Modern compacts, vanity cases and lipstick holders are works of art, furnished in many different designs.

Some are produced from precious metals—gold and silver, others with an enamel coating that permits the use of all the colors in the rainbow. Others are finished in brilliant chromium, polished nickel, satin brass and other metal tones. When new, these toilette articles which are so necessary a part of my-lady's boudoir or purse, are very much alike. They all have the appearance of having just been manufactured. But unless they are made from the precious metals—gold and silver—or have a base of a copper alloy they will soon become corroded and unsightly. This is particularly true where atmospheric conditions are severe, as for instance along the seacoasts, river valleys or in lake regions. For that reason many smart shoppers, when buying compacts, vanity cases or lipsticks, carry a little magnet with them. If the magnet and the article have an affinity for each other then the base metal is corrodible and in time will rust.

NILES ELIMINATES SAN LEANDRO IN FAST CONTEST

Pitcher for the winning team of the Oakland industrial league last year, L. Murphy, hurling for San Leandro Sunday, found the Niles C of C's considerably tougher than the average Oakland batters and had to be replaced in the fifth inning after the Niles lads had pounded him for five runs.

As a result of the victory Sunday, the Niles team is in first league place with six straight wins. Next Sunday's game will be the last in the first half of the league and should see Niles atop the scramble.

Scoreless until the third inning, the game took on a rosy hue for San Leandro when Murphy poled out a home run, making the tally one up for his team. Niles came back in the fourth frame when Raso, Blacow and Pine crossed the plate during a series of singles. Two more runs in the fifth, one in the sixth and one in the seventh ended the Niles scoring at seven, which was four runs too much for San Leandro.

Raso and Watson each batted 750 for the day, Pura, a new comer to Niles and Pine rated 500 percent in four tries.

Bert Watson, former Irvington Red, and a smooth pitcher, fanned fourteen San Leandrans, and allowed only six hits. Niles gathered 12 hits.

Heralding the opening of Rodeo week, more than 2,000 people will gather at Livermore Sunday afternoon for an old-fashioned western barbecue which officially starts the festivities which culminate June 9 and 10 in the great Livermore Rodeo.

Cowboys and cowgirls in high heeled boots and broad brimmed hats will mingle with visitors from all over the state in an affair reminiscent of old chuck wagon days. The beautiful Walter Holm ranch, four miles south of Livermore on the Mines road, has been selected as site for the event.

Held just one week before the big cowboy show which annually presents cowboy champions from all over the West in the thrilling sports of the open range, the barbecue will bring together the hundreds who are working to make this year's show another outstanding success. Hundreds of people from cities throughout central California will attend and the traditional hospitality of the old west will reign.

WEAK BATTERY

When a car's battery is weak the ammeter should be watched and the car driven at the rate of speed where the highest charge rate is registered according to the Emergency Road Service of the California State Automobile Association. Driving at high speed or a too low speed causes the charging rate to be reduced. Using the lights unnecessarily should be avoided when the battery is lean.

After driving the New Chevrolet five miles, I'd never buy any other low-priced car!

In the low-price motor car field there's nothing that even compares with Chevrolet's famous 5-mile ride. Nothing else so smooth and quiet. Nothing so steady and safe. Nothing so easy and restful. The reason is: No other car at Chevrolet's price has any of the vital features pictured below—not a single one. And without these features, it's impossible to equal Chevrolet's ride! That's why Chevrolet says so confidently: "Drive it 5 miles—You'll never want anything else!"
